

bentgo® kids

User's Manual

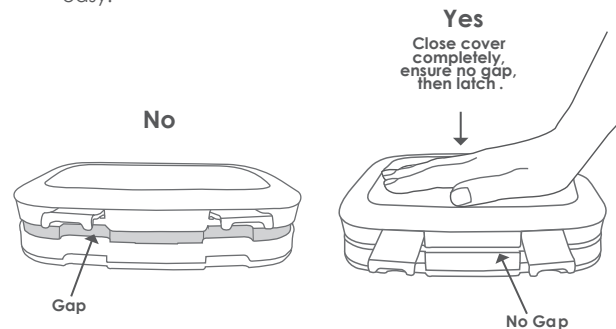

Thank you for purchasing Bentgo Kids! Bentgo Kids is the safe and leak-proof lunch-packing system designed for children ages 3 to 7. With 5 different compartments — all perfectly sized for a child's appetite — this one-of-a-kind children's lunch box encourages healthy, balanced eating.

Features

- Leak-proof design
- Drop-resistant durability
- Dishwasher, microwave & freezer-safe (we recommend hand washing outer shell to preserve leak-proof seal)
- Food-grade safe materials
- No BPA, PVC, phthalates, lead, vinyl

Using Your Bentgo Kids

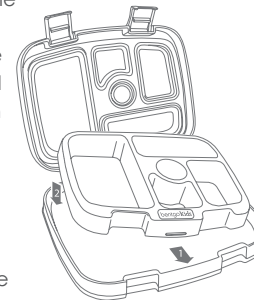

1. Lift latches on the front of Bentgo Kids to open.
2. Fill compartment tray with your child's favorite foods.
3. Close the lid and secure the latches.
4. Give to your child for an on-the-go meal — Yes, it's that easy!

Removing the Tray

We have designed the compartment tray with a notch in the front to keep the tray from lifting when the lid is opened.

- To insert the tray, slightly angle the front down and insert it into the outside shell first (see image below). The notch will line up with its counterpart in the shell. Once done, simply push the back of the tray down into the shell.
- Do the opposite to remove the tray — push the back of the tray up first and then slide out.

Special Use & Care Instructions

- Wash before initial use.
- Removable tray is top-shelf dishwasher safe.
- Hand wash the outer shell to maintain the leak-proof seal on the silicone lining and to prevent damage to the latches and locking clips. Thoroughly dry.
- Always wash container immediately after storing foods with bright pigments like tomato sauce or mustard as these foods may discolor the product.

Warnings

- Microwaving the tray is for reheating only — Do not microwave for more than 3 minutes.
- To ensure mess-free opening and closing of your Bentgo Kids, do not overfill sauce or other compartments.

Product Warranty

Bentgo offers an industry-leading 2 Year Warranty. If you have warranty or product questions, please contact us directly at:
