microSTEEL™

Microwavable Stainless Steel

User's Manual

Thank you for purchasing the Bentgo Microsteel™ Heat & Eat Container. This microwavable stainless steel container is the perfect all-in-one solution. Toss it in the fridge, freezer, oven, microwave, or dishwasher — it's designed to handle it all!

Features

- Airtight silicone lid with built-in steam vent
- Microwave and oven-safe 18/8 stainless steel container
- Top-shelf dishwasher safe
- Freezer safe
- Food-grade safe and eco-friendly materials
- No BPA, PVC, phthalates, lead, or vinyl

Using Your Bentgo Microsteel™ Heat & Eat Container

1. Fill container with your desired foods.
2. When storing food, close the lid securely and plug the built-in steam vent to avoid spills.
3. Before warming food in the microwave or oven, lift the built-in steam vent on the lid to allow steam to escape while heating.

Special Use & Care Instructions

- Wash in warm soapy water before initial use.
- Do not use bleach or chlorine cleaners, steel brushes, or polishing agents for cleaning.

Warnings

- **Product gets hot when warmed in an oven or microwave. Always handle with care using a potholder.**
- Container is microwave safe for a maximum of 10 minutes in microwaves that are 1000W or less.
- Container is oven safe for a maximum of 60 minutes in oven at 350° F.
- DO NOT place 2 microwavable stainless steel items inside a microwave at the same time.
- To ensure mess-free opening and closing, do not fill the container above the lid base.
- Avoid dropping the container.
