

bentgo[®] stainless

User's Manual

Thank you for purchasing the Bentgo Stainless Steel Insulated Food Container! We designed this durable, leak-proof lunch solution with distinctive features that make it a must-have lunch container for stylish professionals who want to take a healthy meal on the go.

Features

- Premium 18/8 stainless steel design
- Triple-layer thermal vacuum insulation
- Built-in handle for portability
- Sweat-proof and leak-proof container prevents messy spills
- Wide mouth for easy cleaning and accessibility
- Food-grade safe and eco-friendly materials
- No BPA, PVC, phthalates, lead, or vinyl

Using Your Bentgo Stainless Food Container

1. To open, press the valve on the lid to release the pressure inside the container and twist the top to remove it.
2. Preheat or pre-cool the container by filling it with hot or cold water.
3. Leave the water in the container for five minutes.
4. Empty the container and immediately fill with your favorite hot or cold beverage or food.
5. Screw the lid closed completely to avoid spills.

Cleaning Instructions

- Wash in warm soapy water before initial use.
- Hand washing is recommended to preserve the seal.
- If the interior becomes stained, place a mixture of two teaspoons of baking soda and warm water in the container for one hour, with the lid open, and then rinse thoroughly.
- This may be repeated overnight for stubborn stains.
- Do not use bleach or chlorine cleaners, steel brushes, or polishing agents for cleaning.

Warnings

- The mouth of the bowl may feel warm when filled with hot water or foods.
- Do not place the food container in the microwave or any other type of stove or fire.
- To ensure mess-free opening and closing, do not fill the container above the lid base.
- Do not use with carbonated or fermented beverages or food.
- Avoid dropping the container.
- Avoid exposing the container to direct sunlight or temperatures above 230°F.

Product Warranty
